

## APPROPRIATE FUNDS FOR FISCAL YEAR

Arlington Heights Village  
to Have \$67,500 to Spend  
For the Next Year

## SEEK SITE FOR WELL NO. FOUR

Property Owners Seek  
Opening of North Ev-  
ergreen to Willow

The Arlington Heights village board transacted a lot of business Monday night, the most important of which is the passage of the annual appropriation ordinance which totals \$67,500 for the year.

Arlington Heights has become a large municipality and it takes a large amount of money to handle its various departments, the amount appropriated in the majority of the departments is practically the same as last year, except in public buildings and grounds which is increased several thousand dollars on account of the completion of the new village hall.

All members were present to the answer of roll call, and the minutes were approved as read. The police committee reported the receipt of \$23.00 in fines the past month. The Public Service Co. asked permission to replace a six inch water main on North State Road, which was granted.

Considerable discussion was had on the opening of various streets in Arlington Heights, especially Evergreen, north from Hawthorne. Mr. Peter Beyer was present in the interest of the latter. The village attorney was instructed to prepare the necessary petition for that purpose, which will be circulated by Mr. Peter Beyer among the adjoining property owners.

**Stonagate Asks Relief**  
Mr. Ashton, secretary of the Stonagate Improvement association, was present and in behalf of the residents of that subdivision, asked if a cinder walk could be laid from that property to the cement walk adjoining the Arlington Gardens. Mr. Laudermilk, who was present, suggested that perhaps surplus dirt in the Searsdale improvement, could be used as a fill along Foundry road. Mayor Mors appointed as a committee to secure estimates and to make recommendation, Trustees, Jasper, Goedke and Byrd.

**May Use Park for Well Site**  
The public grounds and buildings committee recommended some place in Searsdale as one of the sites to be considered for the proposed new water supply. Mayor Mors reported that he had been in communication with Chicago and Northwestern officials relative to locating said site on the east park opposite the F. W. Giesecke store, where he believed ample water supply would be found. The matter will be further investigated. The railroad company asked for the privilege of removing the large cottonwood tree on Evergreen St., as it had become dangerous. Members of the board expressed their approval in this regard.

The water committee reported that the new pump at well No. 3 at the water tower had been connected and that it would be started the following day.

Request from Engineer Kolling for relief from Sunday work, or extra pay for the board and Mayor Mors considered by the board and Mayor Mors appointed trustees Goedke and Byrd on a committee to investigate the matter and see if some way could be found to give relief to all village employees who are working seven days a week.

The Arlington Elevator and Coal Co. filed a lien of \$427.00 on the new village hall building.

The total amount of bills authorized for payment, amounted to \$2,975.60, as shown below.

## Wives of Generous Husbands to Benefit

The announcement in the "Town Tattler" in Tuesday's issue of the Cook County Herald that Peter & Gorsch, are in search for the most generous man in Arlington Heights, has created a lot of excitement among the wives of the so-called generous men of this village. That firm is to give away a dollar bill of the new currency to the first woman who enters their store Saturday with a five dollar bill, which her husband has given her to spend as she sees fit. There is a second prize of fifty cents. They hope the crowd will not be too great when they open their store Saturday morning. The Herald is interested in learning how many husbands presented by the firm with the first \$5.00 bill of the new currency that came their way and ask any such ladies to report by phone. You will not be asked to give your name. We just want to know what use you are going to put the money. Phone in and tell us.

## CARNIVAL OPENED UP WEDNESDAY

Starts Out with A Good  
Crowd and Favor-  
able Weather

Yes, Sir! That American Legion Carnival is HERE!

It opened up Wednesday night with a good crowd. The Ferris wheel was a delight to the kiddies, and we half suspect that the dads and mamas that went along enjoyed the thrill just as much. There is a mysterious "Whoopie House," have to get in to be in on the secrets. If you have long had a longing to heave a derrick at milk bottles you see on your neighbor's doorstep, you can obey that impulse and use baseball at the wooden ones. Of you can work out that group at the cats on that back yard fence. These stuffed ones you can hit once in a while. Yes, there is a 100 per cent merry-go-round where parents can again obey that impulse and take the delighted kiddies on a ride. The people who find it hard to keep their feet still when the music starts to play will find the dancing section in front of our editorial sanctum. There are Kewpie dolls, etc., in the booths. The Chevrolet coach there will interest a lot of folks. The proceeds go to help the poor fellows whose lives are wrecked or handicapped through sacrifice in the world war, and their dependents.

Harry Robinson is chairman of the committee of arrangements; assisted by Thomas Pope, Ben Helfers, Warren K. Parker and Robert Malzahn.

## Ladies' French Class Shows Appreciation Of Mrs. Hofstetter

At the last meeting of the 1928-29 French class of the Arlington Heights Woman's club, held at the home of the president, Mrs. J. W. Hausam, Mrs. Joseph Hofstetter was presented with a \$10 gold piece in a case as a testimony of her services to the class as teacher. Switzerland was her original home and from her early use of the French language, she has easily been the recognized leader of the class.

Mrs. Rudolph Williams also gave readings in French. New classes will be offered in French at the first meeting of the club in October. Anyone interested may communicate in advance with Mrs. Beardsley or Mrs. Hofstetter.

## A Flower Haven at Flynn-Gable Farm

Flower lovers can find at Flynn Gable's place on East Euclid street, Arlington Heights, a real haven for the flower. In many home yards are found flowers, but not many of the kind that are rare. At Flynn Gable's is to be found flowers that are grown in England and Switzerland. The much talked of Edelweiss flower and the Sheep's ear were two of these rare specimens. American flowers of the hybrid type are plentiful and the view of this palace of flowers, is just wonderful. The time one spends in this paradise of flowers, is very much worth while.

## BIG CLEANUP CONTINUES IN COUNTY

Lt. Laird and Court at  
Ballard Road Grind  
Away at It

## COMPLAINTS GET ATTENTION

State's Attorney Swanson  
Gives Strong Impetus to  
Law Enforcement

Raids in Northern and Western Cook county by Lieut. L. J. Laird and his squad of the Ballard Road station of the County Highway Police, with prosecutions, convictions and fines have been coming fast. The road houses and speak-easy owners are bears for punishment.

At one o'clock last Sunday morning, the lieutenant and his men raided the premises of Harry Heidinger, on Long avenue in Morton Grove, and confiscated quantities of beer, whiskey and wine. Judge A. L. Sengstock at the court yesterday fined him \$100 and costs. Assistant State's Attorney Markham prosecuting. The costs in such cases come to \$7 additional.

Saturday the same police raided the "North Inn," at North avenue and River road, owned by Harry Hanson, with confiscation of more beer, whiskey and wine. It was \$100 and costs for Hanson yesterday at the same court.

Last Thursday a "soft drink parlor" owned by Peter Ingel at Glenview and Hibbard roads was found containing similar liquors for sale. The same fine for Mr. Ingel yesterday.

**Slot Machine Confiscated**  
Tuesday of last week, a 25 cent slot machine was confiscated by Lt. Laird from the "Log Cabin" barbeque at River and Foundry roads, owned by Harry Klaat, who was charged with gaming and fined \$50 and costs.

In the morning of Sunday, July 7, a gambling house in Niles Center, two blocks east of Central Park avenue, being run by Harold Cowell and Isador Schulman was raided and 19 inmates arrested. The two keepers were fined \$25 and costs each and the inmates \$1 and costs each, by Judge Wm. W. Ward.

Harold Cowell was also booked on the charge of violating Section 3 of the Illinois prohibition Act and fined \$50 and costs.

On the 6th, Paul Minx's place, known as the Waukegan Inn, on the Waukegan road was raided by the Ballard road police under Lt. Laird and on July 11, \$100 and costs was Mr. Minx' fine.

On the same day, the Orchard Inn, owned by Roland Folk, on Waukegan road in Morton Grove, was raided, the \$100 and costs being imposed as usual.

Also the Ferris Inn on Ferris avenue in Morton Grove, Walter Pecyna owner, was raided the same day and the usual fine was imposed by Judge Ward on July 11.

August Glick on Lake avenue in Northfield township, who was selling moonshine whiskey to the laborers on the new Curtis airport, who made such a fuss about his "constitutional rights" in the court and was to have been turned over to the Federal authorities, was finally fined \$100 and costs, his attorney having asked that Mr. Glick be given another chance.

Tony Bergs, Niles Tavern, was raided on June 24, and moon whiskey confiscated. He got the \$100 fine. The Deluxe Gardens in Franklin Park was raided June 29 and Mrs. Bertha Hess given a similar fine. Mrs. Mary Jassurawski, on Franklin avenue in the same village, whose place was raided June 2, was fined \$100 and costs July 5. The Sans Souci Inn, at Ballard road and Milwaukee avenue, owned by William Lesicus, with wine, whiskey and beer on the premises, was raided June 22 and the \$100 fine given by Judge Sengstock. On the same day Murphy's Garden on Dempster street in Morton Grove, owned by Angelo Murphy, was found to contain three barrels of beer and it was \$100 and costs for Mr. Murphy. Also on the same day the place of H. C. Beck on Waukegan road had the three kinds of liquor as found by Lt. Laird and his men and Mr. Beck has had to pay his \$100 and costs.

**Complaints Get Attention**  
Many of the complaints have been made by the Juvenile Protective Association of Chicago, located at 645 So. Halsted street. Others are reported to the State's Attorney's office and relayed to the proper authorities, with reports made back to Judge Swanson's staff.

## GOOD-BYE AND DON'T BOTHER TO COME BACK

Cells at the village hall held two cullud brethren, employees of the race track, from about 3 a. m. yesterday to late in the forenoon. They had been fighting, and were brought in to cool off by race track police.

Of course knives were the weapons used, and there was a lot of blood loss of which these colored folks seemed to have an over supply.

## Lutherans Plan Outdoor Services

Outing With Full Pro-  
gram to Follow at  
Old Folks' Farm

Members and friends of St. Peter's Lutheran church will have the pleasant privilege Sunday of worshipping God in His beautiful temple of the great outdoors.

The congregation will assemble under the old apple trees of the Old Folks' Home farm at Oakton and North Ridge avenues for an outdoor service beginning at 10:30 a. m. The program of worship will be presented in both languages; and the pastors, Rev. C. M. Noack and Rev. H. C. Fricke, will deliver special sermons appropriate to the occasion. There will be no need to bring hymn books. The programs, with songs, will be printed in full.

In case of rain, the services will be held under a tent sufficiently large to accommodate all worshippers. The usual offering will be taken.

A dinner hour will follow the services, and families are asked to bring their lunches. Plenty of space will be provided under shady trees for the most bounteous repast, and enjoy an old-fashioned picnic luncheon with family and friends. Some tables will be available. Coffee will be served free.

After luncheon will be the get-acquainted hour, a chance to rub elbows with fellow Lutherans and friends, and thus cultivate qualities of sociability and good fellowship. The rest of the afternoon will be spent in recreation and play. The

## STATE POLICE DO RUSHING BUSINESS

Stop Signs will be Taken  
Seriously Now by  
Motorists

A score of motorists who drove through without obeying the stop signs at the intersection of the Arlington Heights State road and the new extension of Seegers road south of Arlington Heights were given tickets Tuesday and Wednesday for appearance in Justice Gilbert Klehm's court, yesterday afternoon. State Policeman Joe Levy and Felix Louis, made the arrests.

"Bawling them out" has worn out, say the policemen. Their orders are now to "Go out and get 'em."

Fines of \$1 to \$5 and costs were imposed on the violators caught. This corner has been the scene of very distressing accidents.

## Plane Service to Eagle River, Wis., Started by Pal-Waukee Airport,

Eagle River is only 3 1/2 hours away from Arlington Heights and local sportsmen who hanker after a week-end fishing trip there will not find it impossible now. In place of a thirteen hour ride on the train, less than four hours elapsed time after the passenger leaves Arlington Heights, he will be at Eagle River.

The Pal-Waukee Air Port, Inc., has announced aeroplane service to that great fishing resort, leaving the local airport every afternoon except Sunday and leaving Eagle River every morning at 7 a. m.

The planes used are the licensed Ballanca and flown by pilots especially selected by the Chicago Daily News. This is the same make of plane which broke the world's endurance record in 1927, and with which Chamberlain crossed the Atlantic the same year.

Oh yes, we forgot to say the fare is only \$30 each way.

## "Old Time Party" Made Realistic And Pleasant

A unique "Old Time Party" was given Tuesday afternoon by the Ladies' aid of the Presbyterian church in the church parlors. Seventeen ladies came in costumes of long, long ago; and as the program was given, they sat in front. "Annie Laurie," "Comin' Through the Rye," and other songs of long ago were sung by all.

Two groups of three old-time favorite songs were sung by Mrs. Jessie Bergens. Mrs. Bergens' voice, always sweet and clear, has gained in power, and her beautiful singing was very much enjoyed.

Mrs. Wm. J. Hausam, president of the Woman's club, gave a half hour of readings of ancient poetry, poems some of them hundreds of years old.

Twelve or thirteen ladies served as hostesses, each with her own table and decorations. Old-fashioned dishes were used, old china and glass-covered bowls.

A substantial offering was taken toward the church fund.

committee of arrangement offers assurance that there will not be a dull moment if all co-operate in the spirit of fun. Boys and girls, young men and young women will play indoor baseball. Men may play cards, and the ladies bunco, with special prizes.

For children, there will be novelty races and contests for all ages, with prizes to please the heart of any child. Their elders will have a chance to show their skill and ability in hilarious contests arranged for their benefit.

During the period of rest, a special entertainer whose services have been engaged for this occasion will seek to keep the atmosphere jolly with his jokes, songs and other musical numbers.

Evening luncheon will follow the entertainment program. The committee will serve sandwiches at nominal cost. Coffee will be free.

The festivities will be brought to a close with a group of social games and community singing around a camp fire.

The program of the day is in charge of a committee of the Concordia Mutual Benefit league, the committee consisting of the following members: Messrs. Wm. Schloemann, Albert Kehe, Walter Karstens, Wm. Schroeder and Ernst Weinrich. Other branches of the northwest division of the league have been invited. The league is prompted in its endeavors by the laudable motive to bring the Lutheran people together in a social way for fun and frolic, and thus promote a spirit of good will and co-operation for the larger work of the congregation.

## SAFETY PATROLS VERY IMPORTANT

Suggest Stop and Go Lights  
at Railroad Crossings;  
Motor Club Active

The killing of nine people Sunday in highway accidents in Cook county and injuring a score of others is expected to speed up safety construction work. Coroner Herman N. Bundesen yesterday asked the cooperation of the county board, the state highway commission, the Chicago city council and the Illinois Commerce commission to speed up all measures to reduce deadly accidents on the highways.

County Commissioner Francis Boutell has called a meeting of the citizen's advisory committee, with the idea of speeding up the building of grade separations at important highway intersections.

Mr. Charles M. Hayes, president of the Chicago Motor Club announces that he will call a meeting of all civic organizations around Chicago to discuss that adoption of a highway safety program.

The chief cause of railroad crossing accidents is unscientific, unstandardized, confusing and out-of-date crossing signals according to W. J. Sorenson, Chicago city traffic engineer, announced by President Sorenson as a member of the National Conference on Street and Highway Safety.

"Crossing signals are in the horse-and-buggy days" declared Mr. Sorenson. "There is no uniformity in the devices. Motorists are not on the look-out for the inadequate, old-type warning signal."

"To adequately guard against the increasing number of crossing accidents we should have stop and go lights at all crossings. The watchman, with his puny red lantern, is out of date."

Two red reflex signs, which catch the reflection of the automobile headlights and send it back red as a warning of a curve or obstruction, have been erected during the last week in Arlington Heights by the Chicago Motor club at the urgent request of Chief of Police Carl H. Skoog.

One of these dangerous points is the S-curve on the highway, coming in from the east; and the other is the fork of the Highway and Mors Parkway on the west. L. J. Schuler, assistant safety director of the Chicago Motor club arranged for the installation.

Mr. Schuler's territory includes Arlington Heights, Barrington, Bartlett, Bellwood, Bensenville, Berkeley, Brookfield, Brookfield, Des Plaines, Elmwood Park, Forest Park, Franklin Park, Glenview, La Grange, Mannheim, Maywood, Melrose Park, Niles Center, Northbrook, Oak Park, Palatine, Park Ridge, River Forest, River Grove, Riverside, Roselle, Schiller Park and Techny. His business is to cooperate with all safety agencies in these towns, which correspond to divisions one, two, and three of the county schools.

These reflex signs cost thirteen to fifteen dollars apiece. The Chicago Motor club services these afterward and does not care to go (Continued on page 4)

## A SWIMMING POOL OR A PARK HERE

Lions Club Puts the Question Up to the People

## DONATION OF LOT OFFERED

Committee to Meet with Park Board and Present Ideas of Public Park

An offer to donate to the village of Arlington Heights a 66 by 132-foot lot to be used for a municipal swimming pool by a public spirited citizen was announced at Tuesday's Lions club dinner by Mr. Carl M. Behrens of the Major Activities committee. The lot is valued at from \$3000 to \$4000. This would be big enough for an indoor pool with dressing rooms, etc., above. For an outdoor pool, probably additional land would be required. The committee has plans and specifications for both types. This is as far as the project has gone at this writing.

The Lions club is an organization existing primarily for starting and carrying out projects for the good of the community. It has a large fund accumulated which will be used not for itself, but for the community. Being of sixty members who average high in influence in the community and in their respective lines of business or professions, the Lions club can put over just about anything they decide to tackle.

They want to know what the people of the community now feel is the greatest need. Shall it be a public park, with a swimming pool, field and community house, baseball and football fields and Tennis courts, with a place for dances and club meetings, and landscape features? The town of good neighbors is growing, and the land for the park will never be any cheaper.

Norwood Park has recently put up a single building that combines the features of a bath house for an outdoor swimming pool, an auditorium-gymnasium-ball room in one locker and shower room for athletics, and a club or dining room, with a kitchen for social and club affairs.

Or are there other things Arlington Heights needs more? More stop and go lights for instance?

Anyone who has a suggestion is invited to send it in to the Lions club (Mr. Julius Flentje is president and W. F. Karstens secretary), and it will be given due consideration. Some big project is going to be undertaken before long.

An invitation has been received by the Major Activities committee of the club to attend the next meeting of the Park board, and it is understood that the committee will try to induce the park board to purchase a tract of land to be turned into a public park with its accompanying recreational and community features as fast as these can be added. The park board will have to consider their bonding power, and any bond issuing proposal will have to be authorized by vote of the people in the district.

It is also understood that the Arlington Heights Lions club is to have about 20 acres of forest preserve dedicated to it in the not distant future. This may be in the Elk Grove preserve.

The Major Activities committee consists of Mr. Otto Landmeier, chairman, and Messrs. Walter Breau, Carl M. Behrens, George Klehm, Eugene Heller, and Hugo Thal.

Other committees appointed by President Flentje after his taking office two weeks ago are:

**Auditing and Finance:** Kreft, Laurin, Ackerman. **Civic Welfare:** Brown, Busch, Boeger, Wetteman. **Entertainment:** Puffer, Baldwin, Beaty, Lauterburg. **Constitution:** Dunn, Pingel, Parker, Jr., Reese. **Grievance:** Gilbert Klehm, Grandt, Zander, Reed. **Educational:** Byrd, Hausam. **Banta. Membership:** Goedke, Sieburg, Framberg, Schimmling. **Publicity:** Paddock, Miltzer, Billman, Jasper. **Sick Committee:** Levine, Malzahn, Studtman, Metz.

## J. P. Hausam is Honored On His 75th Birthday

A delightful surprise was arranged for Mr. J. P. Hausam by his daughters in his home Monday evening, in honor of his 75th birthday, which was on Tuesday, July 16, celebrated the evening before that all his children and grand children might be present. One of the interesting incidents of the party, was a cabellgram of congratulations from his granddaughter, Miss Dorothy Abbs, who is in Europe. All the children and grandchildren, to the number of 21, were present and also a niece and nephew from Chicago. Mr. Hausam will be sure to admit that even the first one hundred years brings many happy experiences, while he has his thoughtful children about him and his daughters in his home.

## Fly to Europe? Why Not Says Byrd

Alderman H. J. Byrd of Arlington Heights is not planning upon giving up any of his various jobs, but he admitted to a reporter Wednesday morning that he has the European fever and wants to fly to Europe. The dangers of such a trip, he says, are not what is worrying him. His regret is that he has not had the time to further perfect himself in aeronautics so as to make such a trip possible. Incidentally, he adds that an attempted European trip costs a lot of money, but if there are any game sports around Arlington Heights who are ready to risk the money, he will risk his life. He is ready to receive applications for stowaway privileges.

## COMMUNITY NURSE REPORT IS INTERESTING

Splendid Work Like This  
a Necessity to Every  
Community

A big volume of fine and vital important work for the boys and girls of Arlington Heights is shown in the following report of our excellent community nurse, Miss Martha E. Jackson.

Not only have these hundreds of individuals received necessary attention and physical corrections, but cases of filth and disease that were a menace or a disgrace to the entire community have been cleaned up by the earnest, efficient earnest work of Miss Jackson.

Cases of poverty and distress have been visited and medical relief provided.

Such work as she is doing is a necessity in practically every community, and it is to be hoped that the next time the proposal goes on the ballot to have a community nurse's work supported by taxation the people will be enough acquainted with the merits of the proposition, that it will pass.

Here is the report in full: Report of nurse from Sept. 1, 1928, to June 1, 1929:

Calls made at schools, 599.  
Number physical examinations, 1150.  
Number routine examinations, 1954.

Nursing calls made, 164.  
Instructive calls made, 609.  
Other calls made, 1391.  
Number calls to homes made, 1,000.

Number telephone calls, 1,161.  
The local dentists did the dental survey in all of the schools.

Drs. Elfeld and Best did the physical examinations in the high and St. Peter Lutheran schools.

Mrs. Vance, a dental hygienist, gave tooth brushing talks to 25 classes from the Chicago Tuberculosis Institute office.

There were 10 infant welfare held with an attendance of 204 babies.

There were 7 children taken to the dentist, result 7 one hundred per cent mouths.

There were 6 children taken to oculists for corrections.

There was one patient taken to Oak Forest sanitarium.

There were 1,000 tubes tooth paste distributed to school children free.

There were 150 children received pins for brushing their teeth twice daily for three months.

There was Christmas cheer sent to 3 families with the assistance of friends in town.

There was a pair of braces furnished by the Catholic Associated Children for one of our small children.

There were 5 individuals taken to pediatric, surgery or maternity clinics in Chicago, all with consent of local physician.

There is one little girl enjoying a vacation at a beautiful camp, getting ready to enter school in the fall, after a terms absence on account of illness.

There was a tag day for infant welfare which netted us \$220.00 on October, 1928.

### OBSERVER'S NOTES

I wonder who, of all who roam these summer days afar from home  
A goodlier place have found  
Than this, their little old home town—  
Where cloud and sunshine ever chase  
O'er lives and seasons in this place  
And each finds blessings pouring down  
The whole year 'round.

There is nothing shows more interesting and I may say amusing, than the different opinions people express of places they visit. Some are all enthusiasm for one place, some for another, but you may safely depend upon the Californian to believe that California is the neplusutra of all that is: the earthly paradise.

Here comes Mrs. Wm. Beitz who belonged all her life to Chicago—until five years ago she went to California. And is she a booster. Oh no it isn't hot there at 100 degrees in the shade or you don't feel the heat and in just a few

hours at most the ocean breezes come and you have to sleep with a blanket over you. And you can see the snow on the mountains. Oh no it's never hot!

Another item of interest Mrs. Beitz sets our hearts at peace—in regard to danger to our friends in earthquakes. O, yes, she has experienced some slight tremors. One she told about when her whole anxiety was for a large mirror—that swayed to and fro and she feared to see it smashed. The house swayed so she felt a little strange, but there was no danger! There are so many beautiful places, so much that is wonderful in California—no one minds or fears an earthquake.

Notice what fine California weather we are having in Arlington Heights? Isn't it glorious?—able to sleep under a blanket? For mountains you can see whole ranges in the clouds. If you have as much imagination as a sparrow and you can see whole argosies natives and birds and animals

Many of our friends are having, or have completed delightful summer tours and to one who has to stay at home it is pleasing to hear about these trips. Some found pleasure, wonder and lasting enjoyment in one thing and some in another. Yet I think as our dear friend, Mrs. E. Guild says, the impressive as the work of God. The vast beauty of the mountains and the sea.

The overpowering wonder of Niagara Falls to her were far more impressive than the magnificent buildings and towering monuments. The Guild's went the tour—so many of our Arlington Heights friends have gone, yet each one brings back to us some fresh, new aspect of the journey. All are full of admiration for the national capitol. All find New York, Boston, and other great cities sink into insignificance compared to Chicago! And the sight of old home faces exceeds all other scenery.

Mrs. FitzPatrick was much amazed and impressed in her trip through "The Bad Lands". That far stretch of barren peaks and masses of chalklike rocks of volcanic origin. In which nothing grows, a barren waste not altogether unpicturesque. Travelers used to suffer in the slow progress of their means of transportation from the undrinkable alkaline waters. Now in these days of swift moving autos this danger is removed.

So many pleasant things come to us here at home: Thursday last week in the closing meeting of the Woman's Club French class, one of these happy affairs was observed. The French teacher, Mrs. Hoffstetter was closing the lesson when Mrs. W. J. Hausam, president of the club handed to her a small box; Mrs. Hoffstetter artlessly interested and wholly unconscious—took the box and as if continuing her lesson said "it is a box—but at Mrs. Hausam's request opened it, when lo, a ten dollar gold piece. Even then Mrs. Hoffstetter in her earnest interest in her work did not at first realize it was for her. A pretty incident, and a deserved recognition of her patient efforts for the class.

Twelve more days in July, then comes August. Harvest flies, katy-dids and disagreeable people prophecying early frost, before ever our pumpkin vine has dropped its first blossom. And some one will tell how the corn husks indicate an early and severe winter. The crickets will drone sleepily in the grass—and all the world will hold its breath waiting for the harvest.

Sunday, July 21st, is to be a happy get together occasion for the congregation of St. Peter's Lutheran church. They are to enjoy an all day out of doors meeting. Regular open air service, both pastors to be present. Sacred music. Dinner from noon, games, refreshments sold to those who want to buy and a general quiet restful day for all in God's great out of doors.

The carnival held by the Legion this week should, and we hope will be most liberally patronized. It has been said Arlington Heights churches and organizations have the reputation of being generous in good gifts. A friend here from a down state town remarks that our poppies are larger than in that region. Let us make our gifts to the ex-service men, be larger, than that of any other town. Patronize the carnival!

The Soldiers Widows home of our state is beautifully situated on the banks of the Kankakee at Wilmington. With all its beauty of situation and seeking far removed from crime centers, it is not altogether immune from bandits schemes. Mrs. Flora McLaughlin, superintendent of the home, returning from the pension office, with \$7.00 in her purse had a narrow escape from being robbed by a bandit who was prowling in the vicinity and followed her car. Some one on alarm called the police and she escaped without harm.

goodies to our ex-service men at Dwight, or Elgin or some other place, where our brave boys languish. Among other things in the

treat carried were cigarettes. This lady passing them to the boys offered one to a negro ex-service man among the others. He drew himself up with dignity and thanked her, he didn't smoke! And some call the negroes our inferiors!

When we were children we were taught that it was wrong to take so much as a pin that belonged to others. What about the children of today? Are their parents encouraging them in the first steps toward crime? Flowers growing. It behooves everyone to watch their steps and no one should run risks in carrying money about their person. There are crowds of strangers passing through and stopping in our town these lovely summer days. Be always on your guard, be courteous to strangers—at the same time be cautious.

Here's a good one. A lady in a town not a thousand miles from here was with a company carrying on your 150 foot lot are not safe. Berries and other fruits are—I call it by a plain name "stolen" in sight of the parents. Who is to blame if our children become thieves and robbers as they grow up? Parents beware 'tis the little foxes ruin the vine.

July is past the middle and we soon slip into August. Then we will know whether the harvest yield will reward the farmers toil and waiting. The shorter days are now approaching there is now a visible difference in the delayed dawn and the earlier approach of the long twilight. Soon the birds will grow restless in their eager search for their season's harvest of berries, and grain. The droop of the crickets become more drear and the katy-dids will beat out their threat of frost. They will be good days and in them we will know what harvest brings.

Soon we'll know what harvest brings.

When August comes—Sweeter songs the robin sings—When August comes—We will hear portents of frost—When August comes—Talk of summer's days we've lost—When August comes.

Katy-dids in sad refrain Our casandres-boding ill In the twilight hours complain While 'tis summer still.

Wealth of harvest time is ours—When August comes—Earth's a wonder land of flowers—When August comes.

Why such mournful portent hold—When August comes—Think of crimson and the gold—When August comes.

Sunday, July 18, the Altenheim annual fest was held on the Park grounds in and about the home. The day was not the most auspicious, in the early hours yet the crowds were large and the services as always interesting. We well remember the dedication and jubilee when the home was built, was it 37 years ago. Quite different now with the additions and increased number who have homes within those walls. The offering for missions, was at latest report over \$14,000 and yet some have said Lutherans do nothing for missions! I think their offering last year was between thirty-five and forty thousand.

The fragrance of the sweet briar floats in through the window as I write. The daisies glisten in the summer sun. The poppies, scarlet, rose and crimson form a field of glory. A presage of autumn splendor. A tall group of holliblocks, with stately mullin, stand sentinel over the north border. A brood of young blue jays in the thicket cry discordantly for more food. The crickets drone, robins, thrushes and mocking birds still contend in the mulberry tree. The long ten-drills of bean vines reach out for an hours training into the supports. Our long waited for dear ones are here. The clock warns the hour 12:30, this Wednesday, July 17. And these notes are due at the office.

Not all of earth confuring cries Nor all the trials of the day Can hide the glory of the skies Nor take my trust in God away.

Not all the foes that cross my path

**We Preach:**  
The old Gospel; the open Bible; the only Christ, a changeless Christ for a changing world.

**Notes**  
During the months of July and August the sessions of the Sunday school will begin at 9:30 and the English services will begin at 10:45. On Sunday, the Sunday school session will close at 10:15 to give the parents an opportunity to call for their children in time for the outdoor services.

Believing that God may be worshipped in His outdoor temple as well as in the temples made by human hands, the congregation will assemble for an outdoor service at the old Kehe farm on Oakton and north Ridge streets. Sufficient benches will be erected on the grounds to take care of all worshippers. In case of rain the services will be held under a tent. Arrangements have been made for a double service of German and English.

Rev. Fricke will leave for an extensive vacation trip Monday morning for Minneapolis and northern Minnesota. He will return August 13. Anyone desiring pastoral services is referred to Rev. Noack.

#### ST. JOHN'S EVANG. CHURCH

Next Sunday, July 21, Sunday school and services will be combined. Sunday school begins at the usual time, 9:30 and service at 10:45. Sunday school and service will be conducted in the English language. At 12:45 all S. S. and congregation expect to go to Mr. Solarringhausen's Grove for an outing, to which all are cordially invited.

On Sunday, July 28 German service immediately after service there will be a short meeting of the congregation to consider a certain matter concerning the reopening of the parsonage.

Friday, August 2, the Arlington Heights Women's Federation meets at Lake Zurich (Rev. Irwin's church) at 10 o'clock a. m. All members of our Martha Verein and their daughters who expect to go are kindly requested to tell Mrs. William Helfers about it so that on Monday, July 29, we can inform Lake Zurich of how many are coming from here.

The Bensenville Auxiliary will be held at Bensenville, Friday, July 26, at 11 o'clock a. m. "Bring your lunch and a cup."

#### CHRISTIAN SCIENCE CHURCHES

"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 14.

The Golden Text was, "The hour cometh, and now is, when the true worshippers shall worship the Father in spirit and in truth: for the Father seeketh such to worship him" (John 4:23).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For we have not an high priest which cannot be touched with the feeling of our infirmities; but was in all points tempted like as we are, yet without sin" (Hebrews 4:15).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Since Jesus must have been tempted in all points, he, the immaculate, met and conquered sin in every form" (p. 564).

#### Electric Ass'n Basket Picnic

The Suburban Divisions of the Electric Association are holding their third annual basket picnic, July 17th at the Hillcrest Golf club near Barrington. The games and contests will take place in the afternoon; a special committee will supervise the children's events. In the evening Benson's orchestra will furnish the music for an old-time Barn Dance.

The Franklin Park Electric Shop is a local member of the Electric association and its representatives and their families will be present at the picnic.

### LEYDEN CHAPTER HAS A BIG NIGHT

#### Joint Ceremonies are Occasion of Prominent Event at Temple

One of the most prominent and impressive events in Franklin Park of recent date was the Tenth anniversary celebration and observance of Past Officers Night at the Leyden Chapter No. 816, Order of the Eastern Star.

Past officers night is always a prominent occasion in Franklin Park and the observance of the 10th anniversary of the local order served to add to the dignity and importance of the event.

**Past Officers Participate.**  
Mrs. Bertha Mc Nett, Worthy Matron and Benjamin Browder, Worthy Patron were host and hostess to the evening to the group of one hundred Eastern Stars who attended.

The officers were filled by Mrs. Minnie Koenig, acting Worthy Matron, Maurice Z. Sax, Worthy Patron, Mrs. Mary Heines, Secretary, Tiedemann, Treasurer, Mrs. Irma Tiedemann, Conductress, Miss Mae Rowlett, Associate Conductress, A. B. Kirchhoff, Chaplain, Thos. H. Tiedemann, Marshal, Mrs. Eleanor Tiedemann, Organist, Mrs. Alma Lemke, Esther, Mrs. Elizabeth Clar, Martha, Frank Hall, Warder. These are all past Worthy Patrons and Matrons of Leyden Chapter, and their participation in Past Officers' nights comes as a result of having served in the Chapter's highest offices. Members participating who have never served as matron or patron were Mrs. Mary Schutt, who filled the office of Electa and John A. Newhouse who acted as sentinel. Guest officers from out of town were Mrs. Mabel Roberts, Grand Messenger and Past Worthy Matron of the Star of The West Chapter who acted as Ada and Mrs. Wilhelmina Newcomb, Lecturer and Past Worthy Matron of the Oak Park Chapter who filled the office of Ruth. The Soloist for the evening was Miss Janis Barr of Franklin Park.

**Luncheon Served.**  
Following the Past Officer's Night Ceremonies and Anniversary observance the members and guests were served a delicious luncheon at pink and white with pink rose buds, the flower of the evening. The event was an outstanding success tables attractively decorated in accordance to all who attended and the local chapter of the O. E. S. can well be proud, said the visitors, of the splendid work which it is doing.

## NILES CENTER

Mr. and Mrs. Will Smyser of Des Plaines, left Monday for California to do their vacationing.

Dr. and Mrs. Paul Allen have a baby boy, born at St. Francis hospital, July 14. This is their third son, Tom, Dick and Harry.

Mrs. Edna Harter-Jackson of Anacosta, Mont., and three sons are motoring in Yellowstone. If she decides that the trip will not be too much of an undertaking, they may come on to Evanston instead of returning to their home.

The William Suckows left early Tuesday morning for Michigan and expect to be gone two days.

The August Lohrke and Oscar Wenzel families motored to Slocum Lake early Sunday morning where the men enjoyed fishing.

Mrs. Albert Huber, after spending a week on the Kutz farm at Douglas, Mich., has returned home. Mrs. John Kossow of Evanston and Mrs. Edward Kutz, are now in Michigan with Mrs. August Kutz.

Mrs. Hannah Ross, Mr. and Mrs. William Plath, attended the Sunday school picnic of the East Main church on Milwaukee avenue Sunday.

A post card, stamped in Hawaii, June 20, from Miss Evelyn Brown, indicates that she is enjoying the change of scene and diet. Her eyes are feasting on beautiful flowering trees and strange sights and her appetite is tempted by "all sorts of new things to eat, so nice and fresh." Evidently the Hawaiian people do not serve much of canned goods. The native food seems to appeal to her, but she does not state whether she finds their types of dwellings, mode of travel, or native costumes such that she would like to adapt herself to them in preference to ours or not. Suppose we'll hear all about that when she gets back.

Mr. and Mrs. Carl Kuesch have had her mother from California, visiting them the past month. She went to Champaign Sunday.

Mrs. Ida Schram, nee Neumann, has been sick after following a hard bump on her head on the door frame of an auto. Her sister, Agnes, came from Chicago to visit her Sunday.

Otto Gerhardt is at 7118 North Clark street, and specializing in horse-shoeing. Since horseback riding is coming into vogue a good horse shoer in the right location is much in demand again. Mr. Gerhardt has been in the business since he was 16 years old.

Rohland Petersen and family spent Friday with Mrs. Harter in Evanston. The intense heat enticed them to the lake, where they all had a wonderful time, splashing in the cool water. Mr. Petersen makes a trip to Seattle fortnightly, being employed by the Great Northern R. R.

Miss Cora Schultz spent last week-end at home of Dr. Klehm.

Mrs. Mary Krause kept house for the Klehm family last week.

Mrs. Charles Kindt entertained her card club Thursday afternoon.

High scorers were Mrs. Frank Gabel and Mrs. R. J. Kruse, who substituted for Mrs. Edward Schoenberger.

Mrs. W. L. Walters was hostess to the Center Social Club Thursday evening. Prize winners were Mesdames Hermann Meyer, Gertrude Baumhardt, and Henry A. Remke.

Mrs. Fred Wichmann accepting consolation.

Dorothy Mayer, daughter of Mr. and Mrs. A. J. Mayer, entertained a group of schoolmates Saturday in honor of her birthday.

Rev. and Mrs. J. J. Mayer are spending a few days with Mr. and Mrs. Elmer Hansen at Roselle.

Mrs. Frank Tess came from Pomona, California to visit her mother, Mrs. Struck, who is critically ill.

Miss Minnie Franz underwent a major operation Monday at St. Francis hospital and is reported as well as can be expected at present.

Mrs. Edward Harms went to her summer home at McHenry yesterday, as it is a quiet retreat in the district of Kora, on Hawaii, the largest of this group of islands. It is renowned for its fine flag, being a light and mellow, and is used in continental United States for blending purposes.

## MORTON GROVE

Miss Rose Mary Stegmeyer is spending two weeks with her aunt, Mrs. Marschner, in Chicago.

Father Epsig of Oconomowoc, Wis., is visiting the Ed. Schuetz family on Lincoln avenue a week.

Mrs. Theo. Webber and mother, Mrs. Henry Knowles, were in Chicago Monday for a luncheon at Mrs. Robertson.

Do not forget the picnic for St. Martha's church, July 28. Everyone is welcome. A good time guaranteed. The drawing card will be the "Country Style" chicken dinner served by the ladies of the church from 12:30 to 3:00 p. m. also bingo and many more interesting games, booths, refreshments and a good time for all.

Mrs. Fred Fuhr of Crain, has been ill the last few weeks and expects to have the trouble located soon by X-ray.

Mrs. Raymond Calbraith of Elgin, was a luncheon guest of Mrs. Henry Knowles, on Crane street, Friday.

The Senior Y. P. Society of Jerusalem church on their social evening, July 25, will give a beach party at Wilmette.

Mr. and Mrs. A. Pieritz of Juneau, Wis., called at Rev. Heidtke's Sunday.

Mr. D. Fielweber, our sturdy superior, spent last week at Lake Geneva.

John Loutsch spent his vacation touring Wisconsin last week.

Mrs. Meier entertained her sister-in-law, Mrs. Jacob Phillip, from San Benito, Texas, Sunday, also a cousin, Louis Wiederkehr of Chicago.

Mr. and Mrs. Edward Meier left Thursday for three weeks tour of Wyoming and Yellowstone National Park. While there they will also attend the National Editorial Association convention at Cheyenne.

On their return trip, Mr. and Mrs. Meier will visit a sister of Mrs. Meier in Tipton, Kansas.

At a meeting held at the village hall Monday, July 15, we were glad to see Messrs. Nelson and Sullivan of the Golf school, who pledge their willingness to co-operate with the Morton Grove school board in making success of the day, Aug. 21, a big success.

At our next meeting, July 21, we hope some of our friends will be home from their vacation so that more definite plans can be made.

Mrs. Nicolson Melzer, spent Tuesday with Mrs. E. Sonne. Mrs. Melzer expects to leave Friday with her son, Richard to spend their vacation with her mother, Mrs. F. C. Hotz, in Pasadena, Calif.

Mrs. Hotz was former resident of Morton Grove and Chicago.

Mr. and Mrs. Fred Huser, who spent the week-end with Mr. Huser's sister, in Sigil, returned home Tuesday, bringing with him his mother, Mrs. Marie Huser, and daughter, Emma, who spent the past few weeks there, home with him.

Sonne met with an accident Saturday at Glenview Golf course by stepping in a hole and spraining his ankle and breaking his right leg. It is very painful, but is doing as well as can be expected.

Mrs. Mary Hoffmann is spending a few days at Cary, Ill.

Mr. and Mrs. Clarence Dahm and Mr. Arthur Hoffman, are making a five day trip to the east and by the way see Niagara falling for them.

Messrs. Wm. Geweke and Wm. Kirscht, motored to Germantown, Wis., one day last week. We wonder what the attraction is in a little town like that. We wonder.

Saturday evening Miss Beulah Bester and Leonard Sherry of Chicago were visitors at Mrs. Phil LeClaire's.

Mr. and Mrs. P. W. Beda, Mr. and Mrs. H. M. McCullen of Glenview and the R. K. Brooks of Forest Glen, were guests of Mr. and Mrs. Henry Geisler of Evanston, Sunday evening at a bridge party.

## DEATH TRAPS ARE STILL OPEN FRANKLIN PK

## GRADE CROSSING STILL UNPROTECTED

## Railroads Refuse to Act Danger to Life of Kiddies

A report in the daily press of Tuesday morning, stated the fact that nine people had met death and forty two had been injured Monday in Cook county automobile accidents. The majority of these accidents were at railroad grade crossings.

An accident at Elmwood Park with a brick truck at the "Milwaukee" grade crossing on 75 court nearly cost the lives of two men. If these crossings had been equipped with the proper grade crossing protection it is very probable that these accidents would have been avoided.

Franklin Park Has No Protection. It has been repeatedly pointed out to residents of Franklin Park that they have five very dangerous grade crossings, on which there is absolutely no protection whatever. These are the crossings on Ruby, Cal-Wagner, Rose and Edgington streets also on the I. H. B. crossing at Franklin avenue.

One of Franklin Park's civic leaders, in commenting upon the situation, stated "That the railroad running thru Franklin Park and especially the 'Milwaukee' and I. H. B. are absolutely ignoring the rights of Franklin Park citizens."

Village Board Acts. The village board of Franklin Park have met with the officials of these two companies, and the railroad officials have promised immediate action, however, the sum total has been a zero so far. Just recently the board wrote a letter to the two officials interested. But up to the present time the railroads have even failed to make reply.

There has been several very narrow escapes at these crossings and with the school year nearly here again, there will be hundreds of children going both ways across these unprotected crossings daily, and if this protection is not installed soon, it is very likely that some father and mother will be mourning the loss of a loved one.

People Must Act. It appears that if any action is going to be done regarding this matter, it must be done thru the concerted forces of public opinion. The roads refuse to listen to our representatives in the council, so it is up to the people to bring enough adverse criticism on the heads of these officials so that some action may be consummated.

Every other suburban town in the Chicago district has ample protection, but not so Franklin Park. Bensenville has gates at its two main grade crossings and bells at the other. River Grove has signal lights. Soler Park has a new, modern sub-way, but Franklin Park has been ignored and left with nothing.

FRANKLIN PARK POLICE MAKE RAID

Early Saturday afternoon upon complaint of the owners of the property, the Franklin Park police conducted a raid on the old Early farm on Emmerson street. Several vats containing mash were found, also an up to date still. Chief Krotz states there was about 1500 gallons of mash in the vats which was destroyed.

The plant was idle when the raid was conducted, and the owners are unknown. The police used axes to good advantage and utterly demolished the entire plant. No arrests have been made.

## YOUTHS ARE HELD RESPONSIBLE FOR FIRE AT R. GROVE

## River Terrace Theatre Is Damaged by Flames

Wednesday afternoon Chief Fr. Wiernerslage of River Grove captured two youths who were ransacking the Pannerts Cafe, better known as the Venus. The two boys gave their names as Paul Gross, 2144 Huron St., Walter Voytowich, 2154 W. Erie St. They also stated that before their capture three other youths had also been with them, when they broke into the River Terrace theatre. They gave the names of these youths as Chas. Zemonovitch, 2134 Huron Street, Wm. Zemonovitch, same address, and Emil Judas, 2219 Erie Street.

Early in the day the River Terrace theatre caught fire in the operators room, and considerable damage was done to the building and the roof, the two projecting machines being ruined. It is estimated that the damage will amount to about \$1500.00. The two boys captured stated they had been using railroad fuses in this building, and it was thought by the authorities that this was the reason for the blaze at the River Terrace.

Judgments. If no judgments were made until all the evidence was in, most judgments would be soft and kind in view of hard and severe—Grove Patterson in the Mobile Register.

Summing It Up. There is no path but will be easier traveled, no load but will be lighter in the presence of a determined cheerfulness.

## FRANKLIN PARK MERCHANTS ARE GENIAL HOSTS

## ARRANGE FESTIVAL FOR COMMUNITY SAT.

Franklin Park's merchants received a marked increase in trade and its residents a renewed interest in their community last Saturday when Franklin avenue was the scene of festivities arranged by the Kiwanis Club and business men of the village.

Starting with the triumphant entrance of Leo, the famous movie lion, into town at twelve o'clock the afternoon was one continual celebration for the "kids" and grownups with young hearts.

Movies Shown Saturday. Moving pictures filmed last Saturday by the Harris Production Company, will be shown this Saturday evening on the wall of the J. H. Dart building at 9615 Franklin avenue, where local movie fans can "see themselves as others see them."

Spirited music played by the combined bands of the Franklin Park public school and Leyden community high school, under the direction of H. G. Taylor and L. A. Stark, was greatly enjoyed by those who found the presentation music by a real community band, a worth while innovation. The time and effort which the band members and their sponsors in arranging their program at a time when there was no school convening, won for them the admiration and gratitude of those in charge of the day's events.

## Mt. Prospect Department

Mrs. Martin Holze and Miss Lotie Holze of Hampshire, Ill., spent a pleasant Wednesday afternoon with Mrs. Holze's mother and father, Mr. and Mrs. Herman Scharringhausen, on Evergreen street.

Sunday a. m. there arrived at the home of Mr. and Mrs. H. Senne of Mt. Prospect, a bouncing happy baby boy. The mother and baby are reported as doing nicely.

Frank J. Bierman left yesterday on his vacation, he will head north and may make the famous circle tour of Lake Michigan.

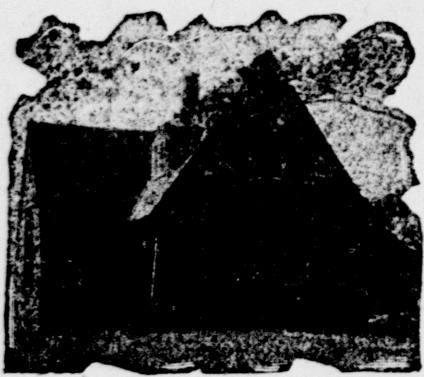

Mr. Albert Haake is showing improvement since he has been back home. This may be due to the many good friends of his who

call upon him to cheer Al in his convalescence.

Wm. Busse, Jr., and family returned Monday from their trip to the Black Hills. They report an enjoyable journey as well as much scenic beauty.

Quite a number of the Concordia Mutual Benefit League, Mt. Prospect branch, are planning on attending Sunday services and afterwards the picnic with our neighbor branch No. 18 at Arlington Heights. Let's be there.

Work on the Seeger residence on Maple street, is progressing fine, and will make a real addition to the many fine homes on that street.

The many friends of Roy Haas hope that he will soon be able to return to work after his recent accident.

No, not all folks take a car to visit, a few blocks. Mr. Maio, Mrs. Schumacker's 60 year old father, paid her a visit and he didn't drive or ride, but hiked it from Humboldt Park. Figure out yourself how far this gentleman walked. Leave it to the "old folks."

On Wednesday afternoon, Mrs. Walter Bach was agreeably surprised, when about 20 of her friends "blew in." With ice cream, cake and bunco, the afternoon was quite a success.

Do not forget the good time you will miss if you do not attend the picnic given by the Progressive Party, Sunday, all day, at Plum Grove. All folks, young and old, are heartily invited. Bring your lunch, everything else will be free.

Wednesday evening Mrs. John Pohlmann entertained her bunco club, a very pleasant time was passed.

On Monday Rev. J. Mueller and Rev. C. Eissfeldt attended the local conference at Watkegan, in connection with a "house-warming" of the new parsonage of Rev. Heise. Dinner was served in the church basement.

Mrs. Chas. Ratke served a 1 o'clock dinner on Thursday to a very large number of her friends, the occasion being her birthday. An enjoyable afternoon was spent playing bunco.

The Hasz family moved into their pretty new home on Thursday. Elm street heartily welcomes their new neighbors.

### A Daily Horse Race At Mount Prospect

Mt. Prospect has a daily horse race on and this is for the best stakes possible.

The race has only two horses in it, but the jockeys are out to win every time. Once in a while these two jockeys change mounts, but that is just for the sake of keen competition. The horses are known as Koolmotor and Cities Services. The jockeys are Gori and Kennicott. This race takes place daily at the Wolf Coal and Oil Service Station. The winner is the one who sells the most gas during the day, the idea being Mr. E. E. Wolf's. As he has both pump attendants dressed in white jockey suits with black caps and boots, so they furnish the right atmosphere in connection with the rest of this plant. The entire buildings are white with black trim.

### HEAVY HITTING AND FINE FORM DOWN WHEELING

The local A. C.'s took the fast going Wheeling nine into local camp last Sunday and sent them home with a small end of a 9-2 score. Len Wuerfel allowed only a quartet of safeties throughout the spasm, which goes to show that the other boys were right back of him all the while.

Wheeling found it advisable to use a second pitcher, out this did not put an end to the scoring. A very illuminating feature of the game was the ableness of our catcher, Carl Klorp, to slam the "pill" all over the lot. He had a real day at the "stick." The infield of the A. C.'s were full of pep, and right on their toes as was also the out fielders. Putting these facts altogether it is no wonder that it spelled Wheeling's defeat, which defeat by the way is the only one they have experienced thus far this season. Truly our boys showed off well, and let us accompany them to Niles Center this coming Sunday, where they will attempt to best the Niles Centerites. Be there!

### Work It Out Yourself

Strange are the uses of the English language. A young woman was grumbling that she had been deprived of a bit of sight-seeing by the fact that a friend had got married secretly. Said her brother: "Well, I suppose a man can do as he likes. His wedding's his own funeral, anyway!"

On Sunday the Juniors paid the East Mainers a visit and were forced to accept a 5-1 reverse at the final inning.

This fact does not dishearten the youngsters, but gives them more determination to reverse the outcome when they meet the East Maine nine here. This Sunday they are attempting to have a team out from the city.

### Takes Long Jump Into Bensenville

Last Tuesday at 11:30 a. m. the hum of many airplane motors were plainly heard above and a little south of the city limits. Wondering of the new airplane factory was moving its machinery in by plane, our citizens all stood and gazed at the army of air craft as they flew around. Suddenly while still over Cook county, a man was seen to jump from one of the planes and the others began circling around him as the big parachute opened and the jumper floated leisurely over into a field just east of the Orphan Home. Boys from the Home were on their way to meet the jumper, but before they could arrive at the place where he lit an auto had come and taken him back to the flying field. One of the planes had kept close to the parachute jumper on his downward flight and as soon as they saw him safe on the ground they took off or the field.

Just why the stunt was pulled was not learned, but we do know that with two flying fields on Lake street and another on Grand avenue and Wolf road there is a lot of flying around Bensenville daily.

Young America is greatly interested in aeronautics and from all reports many are daily visiting the above mentioned fields and with another proposed field soon to be opened on Irving Park boulevard within the city limits, Bensenville will be a great center for flying students. Nothing slow about Bensenville when people are so anxious to visit our city that they even jump from flying planes into our beautiful located domain.

(Continued from Page 1)  
to the expense unless the sign is really needed. It is the business of the local public authorities to keep the weeds down around the signs.

Since the closing of school, and the disbarring for the summer of the School Boy Safety Patrols, Mr. Schuler, the local C. M. C. Safety director, has been talking safety to drivers of delivery trucks, 10 to 60 drivers in each group, at their industrial plants, explaining how the school boy patrols work and how to work with them. Also if any of the school boys are trying to direct traffic, or are out without their permits, they may be reported by these truck drivers. Laundry trucks, dyers and cleaners' and coal truck drivers are especially covered by this educational drive, with the cooperation of the managers.

In the city of Chicago alone last year, 208 boys and girls were killed by automobiles and 2099 injured. This year there has been a slight decrease in the city, but an increase in the county, showing that the safety education work carried on in the city must be extended in the county. For the first four months there were 36 less motor accidents in the city, 91 more adult injuries, 52 less adult deaths, 18 less child injuries, and 26 less child deaths, showing that the safety activities of the C. M. C. and its School Boy Patrols, with the other safety agencies are bearing fruit with the children. This in the face of thousands more children going to school and thousands more cars on the streets.

The Public Service company is getting out school book covers to be distributed in the schools this fall, bearing a picture of a school patrol boy and safety rules printed in big type. 117 of these Patrols were organized in Cook county last year by the Motor club, 17,085 individual badges were issued, 19,282 Sam Brown belts distributed through the state, and 304,910 posters sent out. 3,934 signs were erected by the club. Close cooperation is established with the Chicago Safety council, active membership in the National council.

To protect children going to parks and public playgrounds, it has been found necessary in Evanston and Chicago to ask for special service this summer. Suitable recognition or compensation to the boys for this work out of their normal play time is a problem which the C. M. C. feels it is up to the Parent-Teachers associations service clubs, etc., to help solve. Free entry to the moving picture houses is provided to some.

Edward J. Tobin, County Superintendent of Schools, has made the Safety work count for two credits on the eight required for achievement graduation in the county schools. Where there are not enough boys, girls are taken in the patrols.

A first resolution was presented and passed for the paving of the following streets, north of Grand avenue, Haymond, Clinton, Hessing and Marwood. The date set for the public hearing is July 30, at 8 p. m. daylight saving time at the village hall.

Recommendations were also presented and passed for the drafting of an ordinance, to lay sidewalk along the northerly line of Grand avenue between Haymond and Webster.

majority of accidents occur when drivers are normal, and driving conditions are good, leaving the factors of carelessness and speed as the chief causes of accidents.

The National Safety council is making moving pictures that will be shown all over the United States, under the auspices of Safety organizations. It is in story form and shows the conflicting and different signals and traffic rules a driver has to encounter in different cities of the country. The C. M. C. helped to direct some of the pictures of this film. Ma and Pa start out from their Iowa farm to go to Niagara Falls, and run into all sorts of trouble from conflicting signs and rules. ## South Side Breezes

Let's let this poem be our guide this week, South Siders, speak carefully. Be careful of your speech my friend And speak no word in haste; Give thought to each word to the end, Your time will not prove waste. A thoughtless word though just in fun, May start upon the way, For little stories once begun, Grow larger every day.

In speaking of a fellow man, Be truthful, kind and just; Enlarge his good points all you can. The evil keep in trust, For none of us does truly live, Without his little sins. We must be careful what we give, Before the tale begins.

For once we pass an unkind word, It's gone beyond recall; Perhaps 'twas just a thoughtless word, Without a cause at all. Too late we see the damage done, And sorry we're to blame, Too late indeed, the tale begun, On jest has been his shame.

Chatter  
Down with the thistles! Saith the South Siders, and they're certainly coming down, too! Thistles are so thick out here. It's too bad they can't leave a few and let them bloom because they are such a pretty purple flower.

The old south side school looks so sad and forlorn nowadays. It's funny what a great big difference a gang of babbling, laughing children and a few smiling teachers will make in a building. Somehow just to look at the school one thinks of that song "Those Wedding Bells Are Breaking Up That Old Gang of Mine." Of course, there's no wedding bells connected to the South Side school and it's dismally, but one can easily change wedding bells to vacation time, can't one?

Did you ever notice how ambitious folks are in the early spring and how that ambition just gradually fades away as the days get longer and hotter.

One goes along the streets on the South Side. I know it's probably no different on the North Side and notice where one truly ambitious person has moved his whole lawn. Maybe the next place has followed suit, but right now is the time when one sees so many half mowed lawns. One sees the deserted lawn mower in the yard some place and there's just a chance that the individual who started the task is packed on the front step or in the swing moping the sweat off his brow and swearing at Mr. So-and-So, who lives next door because he started something he couldn't finish.

The Misses Irene and Maxine Johnson spent several days last week at the home of their aunt at Niles Center.

The Breese family have returned to their home on South Walnut, from a vacation trip.

Miss Identa Marshall visited Miss Bernice Gawthrop on So. Mitchell and other friends last Monday evening. Miss Marshall, living here formerly, is now in training at the Oak Park hospital.

Mr. William Gawthrop entertained a few of his friends, Wednesday evening at his home on South Mitchell. It was one of these so-called stag parties. Bet they had fun, don't you?

Not much doing this week. The South Siders are keeping the Carnival along a lot though, so they're doing things all right.

## BOY SCOUT NEWS

This week-end will see the long looked for trip to Fox Lake become a reality for a number of troop members. Others will be at Rolling Green earning camp money. The trip to Fox Lake will start at 2:30 p. m. Saturday from the American Legion home on Campbell street.

Those who can, will stay over at the lake and return home Monday. Cub Pack Leader Geo. Proctor is spending a week at Culver, Indiana on a Scout training course. Geo. Schaeffer and "Bud" McKaig are putting up a good fight with field bugs and mosquitoes in camping out for the "Camping Merit Badge."

So long as bug juice holds out and the sprayer continues to work there'll be a battle royal.

The bumps on "Buds" dome aren't club wounds, just mosquito bites.

Court of Honor at the high school tonight at 7:30. Come early and enjoy yourself. Get acquainted with Scouting.

## Illinois State Does Biggest Business Ever Automobiles Increase

Springfield, Ill., July 17 — Fees collected by the Secretary of State in the first six months of 1929 show an increase of \$1,950,566.33 over the same period last year, according to figures announced today by the accounting department of secretary of state William J. Stratton's office.

Since the present secretary of state assumed office early last January, the various departments he administers collected a total of \$17,304,521.52 as compared with \$15,353,953.19 for the same period last year.

The automobile department collected \$15,841,439.49 which is an increase of \$1,433,206.82 over the first six months of 1928.

This department already has issued licenses for 93,741 more passenger cars than were registered in the same period of 1928. Trucks show an increase of 11,758 and chauffeurs 6,647. Truck licenses total 180,221 and chauffeurs 86,804. The passenger car registration to date is 1,262,673.

At the end of 1928 it was estimated that 65,000 more automobiles had been registered in Illinois than in 1927. Considering that 93,471 more cars already have been registered this year than were licensed in the first half of 1928, there is every indication the total increase for 1929 over 1928 will double the total increase of 1928 over 1927.

The collections of the corporation department also showed large gains for the first half of this year as compared with the same period in 1928.

To date this department has collected \$1,382,797.21 whereas \$858,402.86 was collected in the first six months of 1928. This is an increase of \$524,394.35. The collections from foreign corporations, more than double while those from domestic concerns almost reached that ratio.

Substantial increases also were registered by other departments of the secretary of state's office.

## Official Pig Drovers Out

Offices that have been in existence for 800 years are being abolished by Ashburton, England, in cutting down its salary list. By cutting the city council has acquired the rights of the lord of the manor, and abolished the fees paid to the official pig drover, town crier, ale taster, bread weigher, scavenger and bell ringer.

Everywhere the human soul stands between a hemisphere of light and another of darkness on the confines of two everlasting hostile empires—necessity and free will.—Thomas Carlyle.

## BOOSTERS

WIN OVER PALATINE

Play Maywood at East Side Park Sunday

The Arlington Boosters added the Palatine club to its string of victims, Sunday at the east side park, by a score of 9 to 5.

Over confidence and a charitable spirit of the locals presented Palatine with a 3 to 0 lead in the first two innings. After that Arlington got down to business playing the calibre of ball they are capable of and shortly overcame the lead and then held Palatine the rest of the way.

Frank pitched his usual game allowing Palatine only 5 hits while striking out 14. Lemke and Brodman led the hitting and gave a fine exhibition of base running.

On next Sunday, Arlington plays Maywood at the East Side Park. Game to be called at 3:00 p. m. A good crowd is desired.
